

struttura®

Strong and stunning, the Struttura collection is a structural lightweight solution for sliding doors and partitions. Innovative honeycomb and twin wall cellular technology in five contemporary cores combine with over 10,000 luminous C3 colors for a truly ground-breaking material, now with 25% pre-consumer recycled material.

Features

- attractively priced for glazing and lighting applications
- easy to handle and install
- tremendous load-bearing characteristics
- provides both light transmission and privacy
- self-extinguishing flammability performance
- (Stage, Pep, and Duo only) made from polycarbonate, able to withstand impact and abuse
- multi-wall structure enhances insulation performance
- (Duo only) UV stabilized for outstanding exterior performance
- Fizz, Float Large, Float Small and Pep contain 29-35% recycled content, helping achieve LEED® credits
- GREENGUARD Indoor Air Quality Certified®

BASIC SPECS

FIZZ, FLOAT LARGE, FLOAT SMALL, PEP		DUO		STAGE
