Installation

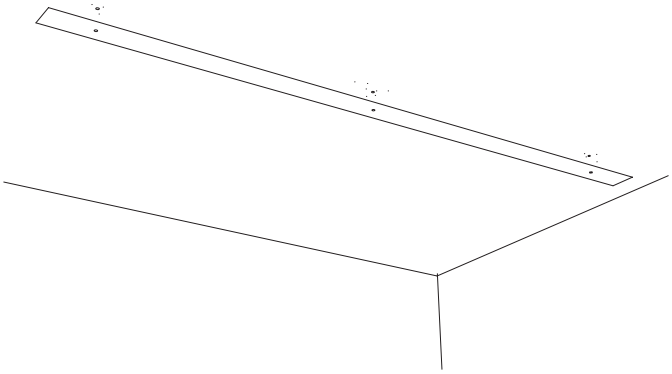
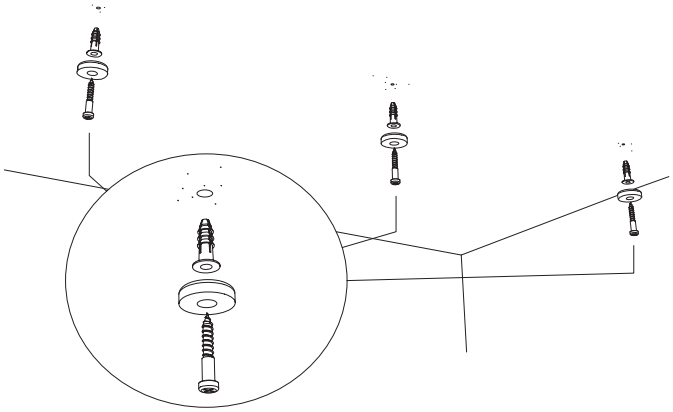
1 Install Partition

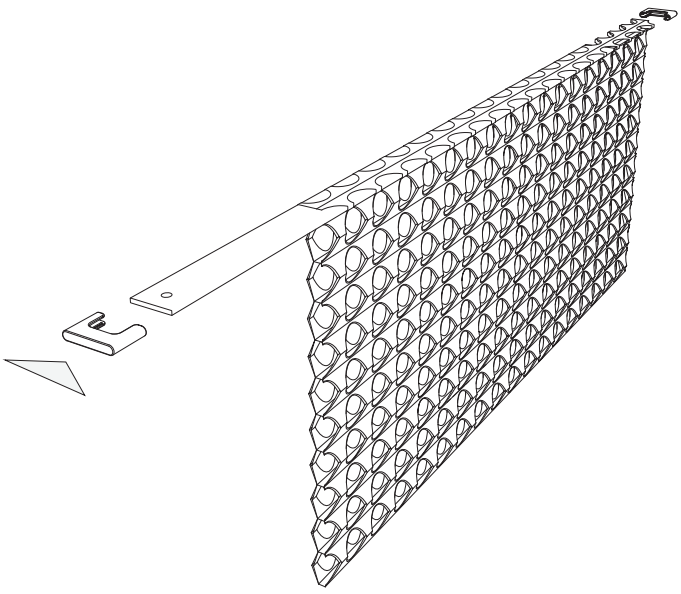
a Using the steel bar as a template, position it in the desired location on the ceiling and drill holes into the ceiling according to the pre-drilled holes in the bar.



b Fasten magnets to the ceiling.



c Slide the steel bars through the top and the bottom of the screen. Place the end caps on each end of the steel bars.



d Suspend the screen from the magnets.

Product Description

Create innovative spaces with lightweight and expandable Parametre 3D-textile systems. Made of 100% non-woven polyester, this flexible textile can be used in a variety of residential and commercial applications.

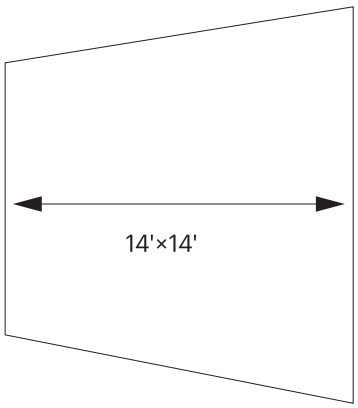
Specification

Innovative 3D textile system, redefining space. Create shade, shadow and light with Parametre™ by 3form.

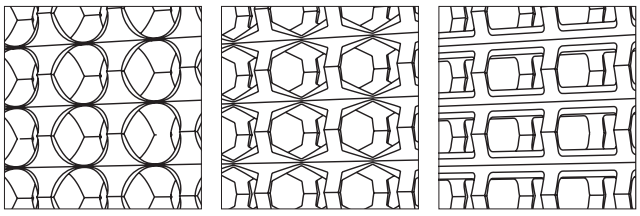
- 100% Polyester
- Commercial and Residential Applications
- Horizontal and Vertical Systems
- Class A Fire Rated
- Greenguard Indoor Air Quality Certified
- Three Standard Sizes
- Custom Sizing up to 14' W × 14' L
- UV Treated
- Anti-Microbial and Anti-Static
- Cleans Easily
- Standard Hardware Included for Quick Installation
- Cable Hardware Available
- Drop Ceiling Hardware Available

Sizes

Any size up to 14' W × 14' L
Custom Lengths greater than 14' are also available.



Patterns



Mega Hexa Quad

Colors

Aquamint
Bisque
Canvas
Charcoal
Colonial Blue
Cool Grey
Coffee Bean
Denim Blue
Eggshell White
Green Apple
Ruby
Red Sage
Silver Metallic
Terracotta

Flammability and Smoke Test Results

- Building Code Approvals

Parametre has been independently tested and meet the criteria for approved interior finishes and light transmitting resin materials as described in the 2009 International Building Code®.

Test	3form Parametre Grade 1	Result
ASTM E84-03 Flame Spread Smoke generated	 0 30	 Class A: 0-25 ≤450
NFPA 701 Method 1 Method 2	 Pass Pass	 Meets Requirements Meets Requirements

Test	3form Parametre Grade 2	Result
ASTM E84-03 Flame Spread Smoke generated	 0 120	 Class A: 0-25 ≤450
NFPA 701 Method 1 Method 2	 Pass Pass	 Meets Requirements Meets Requirements

Weight

Weight Flux (lb/ft²) 0.042 lb/ft² (0.205kg/m²)
